

Masonic Cathedral Engaged For Bible Class Mother's Day

The Scottish Rite cathedral has been engaged for the Mother's Day service of the Character Builders' Bible class. Sunday, May 2, when the men's division and women's division will meet together for what has always proved to be one of the best services of the Character Builders' year. The auditorium of the Scottish Rite cathedral seats more than 1,000 people, and it is planned to fill the building.

Mothers of the members of the class will be special guests of honor. They will be the attendees of the Mother's Day service. Since then the women's division has been organized with a regular attendance of over 200 each Sunday. A program of unusual interest is being prepared for the service.

Sunday for the first time, the Character Builders will feature a musical program at their morning service. The lesson talk will be about in order to give more time for the extensive musical service. The featured solo will be on the subject "If I Stay," by John Day for the men's division and by Miss Catherine Cook for the women's division. The singers hold a rehearsal Friday night following the regular monthly business meeting.

The attendance for both divisions of the class last Sunday was 521, with total collections amounting to \$121.29.

SUCCEEDS IN REVIVAL.

Rev. T. W. Lewis, pastor of Madison Heights Methodist church, returned Friday from Morganfield, Ky., where he assisted in a most successful revival in the Methodist church of that place, which resulted in 48 additions to the church, a large number being adults.

Will Seek \$50,000 To Build Church

A movement will be launched Sunday at the Union Avenue Methodist church in connection with the Methodist hospital drive, to raise a \$50,000 building fund for the completion of the new church at Union avenue and Cooper street.

The crypt of the church, in which the congregation is now worshipping, was completed before the war when building operations were terminated. During the recent revival more than 100 members were added to the church, and facilities of the church are now inadequate to properly carry on the work of the growing congregation.

Even before the recent revival, the

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by feeding up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 10c and 25c.

Skin Trouble On Three-Year-Old Boy Cuticura Heals.

"My little boy three years old began to break out in red spots, from the size of a dime to a nickel, over his body and on his face. They would itch and he would lie awake and scratch sometimes till they would bleed. They dried up and formed a scale that looked like corn bran, and some of the places would crack. I tried salves with no effect, so I tried Cuticura Soap and Ointment. I could tell a difference from the first application. When I had used one cake of Cuticura Soap and one box of Cuticura Ointment he was healed." (Signed) Mrs. D. Burnett, Sals Lick, Kentucky, Sept. 9, 1919.

Once clear, keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Nothing better.

Sample Book Free by Mail. Address: Cuticura Laboratories, Dept. B, Malden, Mass. Sold every-where. Keep Mr. Ointment in and Mr. Talcum in. Write for Cuticura Soap above without cost.

Confidence

Even in these days when the motor car field offers such wide selection—the public still finds Buick demands exceeding Buick production.

Thus it is easy to recognize how steadily, each season, the Buick Valve-in-Head motor car has become an essential part in the lives of men and women—as well as in the progress of commercial and professional activities.

It's superior quality—service—economy and dependability are causing thousands of persons to place their orders for car delivery months in advance—thus protecting themselves and assuring their ownership of this world-wide preferred motor car.

Tests That Prove Hudson Also Speak for Essex

Both Hold Performance Records
That Have Never Been Equaled

In all Hudson's unmatched records this important fact is clear: No ability is sacrificed in one direction to gain supremacy in another.

Hudson is the fleetest. Its stock car speed records have never been equaled. On the speedway its racing cars won more points than any other team ever gained.

But its speed means no forfeit of other qualities. For in official tests, the Super-Six has also out-performed all other types in endurance, hill-climbing and acceleration. In every motor performance it has established leadership by unanswerable proofs.

Hudson Records Prove Its All-Round Mastery

Only a supreme advantage that others cannot use, could account for such all-round dominance. Hudson has it in the Super-Six motor. It minimizes vibration to within 10% of vanishing—nearer the ideal than any type we know.

In the same size motor the exclusive Super-Six principle added 72% to power and 80% to efficiency. Endurance is practically doubled.

How these qualities are valued by motorists is reflected in Hudson's five years of leadership of fine car sales. Today the demand is larger than ever.

Built by the same makers, Hudson's unequalled records also speak for Essex. They foretold performance never expected of a light car.

The prophecies now are facts.

And Essex Holds the World's 50-Hour Endurance Record

An Essex stock chassis set the world's 50-hour endurance record of 3,037 miles. That is officially certified by the American Automobile Association. And Essex holds the world's mark of 1,061 road miles in 24 hours. A stock touring car did that.

Local road, speedway and hill-climbing records in every section of the country are held by Essex. Scores of abusive tests have proved the endurance that 30,000 owners find in the daily service of their Essex cars.

But it is not only in performance that Essex shows the same stamp of quality as Hudson. Its beauty of line, its luxury of appointment are the work of years of leadership in coach design.

See the care and completeness, even in the smallest details. Its riding comfort, its smooth, quiet running ease, with the suggestion of well-contained reserve power, are qualities comparable to the finest of high-priced cars.
